RE: Radioactive Material License (RML) Number UT 2300478, Renewal Application dated  
May 3, 2012: Completion Review

Dear Mr. McCandless:

The Utah Division of Radiation Control (DRC) has performed its Completion Review of the Renewal Application for the 11e.(2) RML UT 2300478, submitted May 4, 2012. Enclosed is a list of documents that were referenced in the Renewal Application that was not included in the application and the DRC does not have access to or have on file. Please compile these documents and submit them to the DRC in an electronic format by June 11, 2012.

If you have any specific questions about the list of documents, please contact Ryan Johnson at 801-536-4250.

Sincerely,

A handwritten signature in cursive script that reads "Rusty Lundberg".

Rusty Lundberg, Division Director

In addition to the list of documents above, Section 5.7.2 of the RML Renewal Application was mislabeled as "Radiation Safety Permits". This section was to be labeled "Radiation Protection Program". Please make the necessary changes to the title and content of this section and resubmit Section 5.7.2.

Also, we need a copy of the reference cited at the bottom of page 3-3, "Design of Erosion Protection Cover for Stabilization of Uranium Mill Tailings Site."
